

Vortex Water Revitalizer Kitchen Installation

with Pullout Faucet Adapter

1. Ensure that your existing pullout faucet has a center piece that can be unscrewed. Unscrew the center piece.
2. Screw the Pullout Faucet Adapter into the center of the pullout faucet head.
3. Place the washer, provided in the envelope reading: Washer for Kitchen Vortex Water Revitalizer, into the top fitting of the Kitchen Vortex Water Revitalizer.
4. Screw the top fitting of the Kitchen Vortex Water Revitalizer onto the Pullout Faucet Adapter now attached to your pullout kitchen faucet.
5. You may need to use pliers to tighten the fitting into place. Be sure to use a cloth to protect the fitting from the pliers' grip.
